These different sources are carefully selected with a view to generating class discussion and providing students with a sense of the different approaches historians might take to understanding the past. Volume I covers prehistory to the Enlightenment, including sources that offer insight into the political, social, religious, cultural and intellectual history of this period. Topics covered include: - The Rise of Rome - Byzantine Civilization - The Renaissance in Europe and China - Religious Reformation - European Expansion - The Scientific Revolution To aid student engagement and understanding, the book begins with a guide to using primary sources, includes questions for discussion throughout and concludes with a glossary of key terms.
