Or was it biographical sketch as poetry? What happens when your life dissolves like a pile of sugar in a tidal wave - do you stand strong, run, collapse, or grin into the shadows? The poems here reflect a period in the author s life when he did all of the above in different orders with varying results and redemption waiting around the corner. Practically, this is poetry as survival. Partially, it s an ode to getting lost in order to be found. Ultimately, it s a love letter to poetry.
