What seemed to be coincidences at first begins to array in a pattern of deceit. Meanwhile, Dragos makes the journey to Mars to settle a debt owed to an old ally. The means to that end were to be simple, find two women, and kill them. Accepting the task to better understand his old friend s plan, Dragos finds himself between two ancient adversaries struggling for control of humanity itself. The Uroboros Saga is character driven science fiction, published three times per year. Each book continues the story with an array of colorful characters and environments. It is written to address and explore the idea of technology that extends and expands the modern notion of identity, and the sort of dystopia that such technology could create. The global fiscal apocalypse that occurs in the midst of that exploration is just there to be charming window dressing. Enjoy.
