Ask the right questions to better persuade and motivate others to your point of view and to take action. Use the hidden power of body language to more naturally and subtly communicate your message. Set goals and create action plans that lead directly to the results you desire. Market yourself by using innovative tools that separate you from your competitors. Track and measure your success in using convincing industry metrics. Success 101 is built on a simple philosophy: Work harder on yourself than you do on your job.
