# MICROMECHANICS OF DEFECTS IN SOLIDS

Book Condition: New. Publisher/Verlag: Springer Netherlands | This book stems from a course on Micromechanics that I started about fifteen years ago at Northwestern University. At that time, micromechanics was a rather unfamiliar subject. Although I repeated the course every year, I was never convinced that my notes have quite developed into a final manuscript because new topics emerged constantly requiring revisions, and additions. I finally came to realize that if this is continued, then I will never complete the...
