Lulu.com, United States, 2005. Paperback. Book Condition: New. 226 x 150 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The Not Theory raises the question, How can one be free from intellectual constraints? It then gives a basic, elementary response and reasoning. This begs the question, Is it correct? You will not find the answer here. Instead, the book is an instruction manual/preparation guide/workbook for testing the Not Theory: a structure to bring together a group of 7 artists (from any medium) to create an art project of any kind (i.e. a series of paintings, sculptures, poems, photographs, a video, theater, dance, multi-media project, etc.) It is broken down into three phases: Constraints (X), Destruction (Adding Y to X), and Freedom. The group must experience Phase I together, in the format given. However, Phase II and III cannot be forced onto the group. They must choose to continue testing the theory. Last question: Is freedom possible? It is up to you to determine.
