Taylor & Francis Ltd. Paperback. Book Condition: new. BRAND NEW, Culturally Responsive Counseling with Asian American Men, William Ming Liu, Mark H. Chae, Derek Kenji Iwamoto, Asian American men represent a complex group with distinct psychological and mental health concerns, yet the current counseling literature is lacking in resources for clinicians working with this population. The purpose of this text is to provide practitioners with a comprehensive overview of the current research and theory related to the important and unique issues that Asian American men experience. It offers clinicians culturally-responsive, practical counseling techniques and strategies to help inform them on how to work effectively with this group. Chapters are written by leading figures in the field and explore such topics as intergenerational conflict, racism, challenges associated with masculinity and fatherhood, sexual orientation identity development, substance abuse, and career counseling. Numerous clinical vignettes and case conceptualizations are included to assist clinicians who work with Asian American men and to demonstrate appropriate treatment responses.
