Three weeks later, and with almost a whole two hours sailing experience, our hero (for want of a better word) decides to take his 18ft over-grown dingy for a 40 mile trip around the North Kent coast. The Sea has one attempt at killing him. The boat manages to stay upright, more by luck than anything else. He even finds a safe haven for the night. Does he stay there? No! He actually sets out to sea at three o clock in the morning? If you wanted to be charitable, you might have said, it was quite a nice night for a bit of a sail. Then again, this was the North Sea. The North Sea in October! Leaving the pier heads and the safety of the harbour. Looking to seaward, it was as dark as doomsday out there. And It was only going to get darker. It wouldn t be long before he realised buying a yacht called Solo , may not have been one of his better ideas. All a little late by then. Sailing Solo Alone is a yachting novel written as a warning to those who would be foolish enough not to give the Sea the respect She deserves. It s also meant to make you laugh a bit.
